

TENWARE GENUINE BRAND – CARGO LASHING

❖ Reliable Durable Certified

TENWARE GENUINE BRAND cargo lashing systems are designed to meet the demands of today's logistics, transportation, and industrial sectors. Crafted with high-tenacity polyester webbing and precision-engineered components, our lashing straps provide superior strength, durability, and safety for securing cargo of all sizes and weights

1.Key Features:

- **High Strength & Low Elongation**
Made from premium-grade polyester, ensuring minimal stretch under load and excellent tension retention
- **Multiple Color Options for Easy Identification**
Available in **blue, orange, yellow**, and other colors to distinguish different load capacities or usage categories
- **Heavy-Duty Ratchet Mechanism**
Rust-resistant steel ratchet buckles provide secure and consistent tensioning
- **Certified Safety Standards**
Manufactured in accordance with **EN 12195-2** and other international safety regulations. Every unit includes a durable label with full product specifications (LC, STF, width, length, etc.)

2.Applications:

- Truck & trailer cargo securing
- Container lashing
- Pallet and equipment stabilization
- Industrial and warehouse logistics
- Marine & offshore cargo tie-down
